LATEST BY TELEGRAPH.

REPORTED POR THE DAILY PRESS

ARRIVAL OF THE FULTON

Interesting Details of Foreign News, New York, June 14 .- The steamship Pul-

ton, with dates from Liverpool to the 1st inst., arrived here late last night. Her advices have been mainly anticipated by the North Briton at Quebec, but she furnishes some interesting details

The following are the latest dispatches from the seat of war

BERNE, May 30, (via France).—An insurrec-tion has broken out in the Vattellina. The population is repairing in masses to Londrio, the center of the revolutionary movements. The Austrian gens d'arnes, who have retired into Switzerland, have been disarmed by the Swiss authorities, and sent into the interior of the country. The Federal Council has dis-patched troops to the frontiers of the Grisons.

Gen. Garibaldi's vanguard is at Canta. The telegraph line to Como is worked by Sardinian employees. It is stated that 8000 Sardinians are at Varese, and that a French

Corps of armee is expected there.

BERNE, May 30, (via Germany.)—Gen. Garibaldi yesterday suffered a defeat by a superior force of Austrians, and has withdrawn into the

Canton of Pessina
TURIN, May 31.—The first details of the fight at Palestro have reached here. The enand Vinzoglio, but after an obstinate defense our troops carried the entrenchment at the point of the bayonet, with admirable bravery, and took two pieces of cannon, and many small arms and prisoners. The loss of the en-emy was very great, but the extent of our loss is as yet unknown. Vercelli was yesterday evening illuminated. The Emperor traversed the streets, and the town was en fete. The King passed the night at Torrione, among the

ncamped troops.

The London News says: "It will be observed that our telegraphic intelligence contains two reports respecting the movements of Garibaldi, the same in origin and date, but in all other respects, perfectly contradictory. It would be easy to avoid this incongruity, by publishing only the dispatch which we believe contained the truth, but we give both as they have

reached us.

It will be observed that that via France, containing the most favorable news, relates to the state of things on Monday, whereas the defeat is alleged to have taken place on Sun-

day. If Garibaldi had taken refuge in the Swiss Canton of Tossin, he would have been disarmed with his entire force and could not have a vanguard at Cantu, which is on the road to Milan The news of an insurrection at Lendrio and the disarming of the Austrian gens d'armes given in another telegraphic dispatch, is also dated Berne, Monday, and a dispatch from Turin, which is in telegraphic communication with Como, announces that Garibaldi has received reinforcements there. On the whole we are satisfied that the General is not only in the field, but successful.

Parts, May 28 .- The semi-official Pays of this evening contains the following telegraphic The Austrians, 50,000 in number, quitted Placenza yesterday and re-entered Lombardy.

The same journal also states that England is willing to renew diplomatic relations with Naples, but only on condition that France will simultaneously do the same. The announcement of Sir James Hudson's departure for Naples was premature.

The Paris correspondent of the Commercial Advertiser of this city, writing under date of May 31st, furnishes the following items of intelligence: The five American prisoners who were confined in the prisons of Rome, were released on the demands of the American authorities, and are on board the frigate Wabash.

Gen. Neil, commander of the fourth corps of the French army, was supporting Gari-baldi with 30,000 men, and it was also his intention to march to Milan.

Three Days Later from Europe.

ARRIVAL OF THE EUROPA. The Capture of Palestro Confirmed.

The Austrians in full Retreat. SACKVILLE, N. B., June 14 .- The steamship

Buropa with dates from Liverpool to the 4th inst., three days later than those received by the North Briton, at Quebec, has arrived at Halifax. The steamship Kangaroo from New York on the 21st ult., reached Liverpool on the 20th inst., and the Vanderbilt steamship Ocean Queen from New York, on the 21st ult., arrived at Southampton on the 2d inst. Persia from New York on the 25th ult., arrived at Liverpool on the 4th inst., the day the

Europa sailed.

The advices from Italy confirm the capture The advices from Italy conurnation of Palestro by the Sardinians. The King, Victor Emanuel, commanded in person and exhibited the greatest gallantry. The Australia exhibited the greatest gallantry. The Austrians twice endeavored to retake Palestro, but were repulsed after a sanguinary encounter,

were repulsed after a sanguinary encounter.

The Sardinian report says that they captured 1,000 prisoners and eight guns. The latest despatch from Turin reports the Austrians in full retreat across the Ticino into Lombardy.

The report received by the previous arrivals that Gen. Garibaldi had met with a repulse by a superior Austrian force is confirmed, but it now appears that he was successful in re-entering Como.

Erom the Seat of War.

From the Seat of War. The Austrian efforts to retake Palestro are described to have been very sanguinary. At one time the Sardinian troops were cutflanked on the right, when the Zuoaves came to the rescue, and repulsed the Austrians. The Austrian version of the battle has not been received. The Austrians had retreated from Robbio, and a special telegraphic dispatch to the London Daily News, dated Turin, June 3, says that the Austrians were in full retreat

across the Ticino. The French head-quarters were at Vercelli. Garibaldi had been driven into the mountains, by the Austrian troops under Gen. Urban, who retook Vorese; but a telegraphic dispatch recoived via Turin, states that Gen. Garibaldi gathered reinforcements, returned and surprising the Austrians, recaptured Varese, and sub-acquently re-entered Como in triumph. Gen. Niel, who had been sent to the assistance of Garibaldi, had occupied Navaro. The insurrection in Lombardy was spreading rapidly.

Sardinian Bulletin.

Turin, May 31—A fresh victory has been gained by our troops. At 7 o'clock this morning a force of 25,000 Austrians endeavored to retake Palestro. The King of Sardinia commanding the fourth division in person, and Gen. Cialdina at the head of the third regiment

of Zouaves, resisted the attack for a considera-ble time, and then having successfully assumed the offensive, pursued the enemy, taking 1,000 prisoners, and capturing 8 guns, 5 of which were obtained by the Zouaves. 500 Austrians were drowned in the canal during the fight. Another fight took place at Confrenza, in the Another fight took place at Confrenza, in the province of Zommilline, in which the enemy were repulsed by the division under Gen. Forey, of the first corps of the French army, after two hours conflict. Last night a picket of the spemy endeavored to pass the Po at Cervessi-nia, but they were repulsed by the inhabitants

of that vicinity.

The Austrians have evacuated Varo, in the

Turn, June 1.—A second victorious conflict occurred at 6 o'clock last evening at Palestro. The enemy endoavored to re-enter the learro. The enemy endoavored to re-enter the city, but were re-pulsed by the division under Gen. Cialdina, composed of the Zuoaves and Piedmontese cavalry. The King pressed forward where the fight was most furious, the Zuoaves trying to restrain him.

On Tuesday, the Austrians attacked the Sardinian vanguard at Zesto Calendo, and after a fight of two hours, our troops pursued the enemy across the Ticino.

The details of the battle of Palestro say that the Sardinians were at one time out-flanked by the Austrians, who threatened the bridge of

boats across Sesin, ever which Gen. Canrebert was to effect a junctive, with the King. At this juncture the Zouaves lost one officer and twenty men killed and the Austrians 200

killed including ten officers.

The accounts from Gen. Garibaldi state that a numerous Austrian corps having arrived be-fore Varese, he ordered the National Guard not to resist, but to fall back on Lake Maggiore. An attack was attempted by our troops against Savene on the lake, but without result.

From Washington.

Washington, June 14,-The Light House oard has purchased of the Navy Department the steamer Arctic, which had become unfit for the naval service. It is to be converted into a light-boat, and

The views of the Administration on the sub ect of the neutral rights of the United States will soon be transmitted to Mr. Dallas, the United States Minister at the Court of St. James, and by him will be communicated to the British Government. Copies of the dispatch will be furnished to our Ministers at the other European Courts after the manner of Secretary Marcy's instructions to Minister Buchanan while the latter represented the United States in Great Britain with reference to the declaration of the maritime law at Paris in 1855, by Great Britain, France, Austria, Russin, Prussia, Sardinia and Turkey, but dis-

sented to by our Government.

The brief letter of Secretary Cass relative to the risks incurred by naturalized citizens of the United States returning to their native land, having occasioned much misconstruction, a decument is in course of preparation defining the exact position of the Administration on that subject, and as to how far such citizens are entitled to protection by the Government.
It is now positively ascertained that there is no trath in the report that Mr. Slidell has been appointed Minister to France.
